10 New Improvements To CanadaQBank.com!

1) Confirmation When Clicking 'End Test'

A new Confirmation 'pop up' message appears when ending a test. This will help prevent you from ending a test accidentally.

2) 'Share This' Website Feature

Now you can tell your friends and colleagues about us with this cool icon:

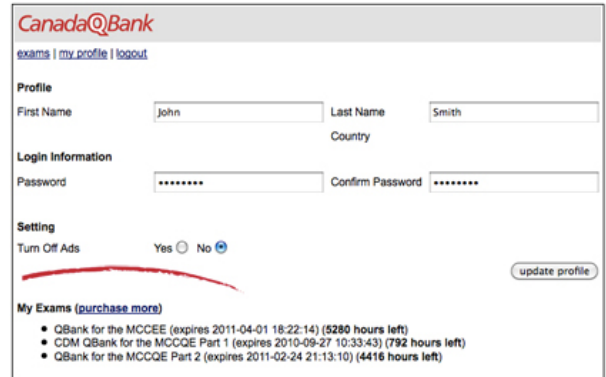

Spread the word about CanadaQBank.com via Facebook, Twitter, MySpace, Hotmail and over 300 more social networking websites, simply by clicking on 'Share'.

3) Our Facebook Group

Over 4000 members in just a few months already. Be part of a growing network of Canadian physicians and IMGs. *JOIN TODAY!*

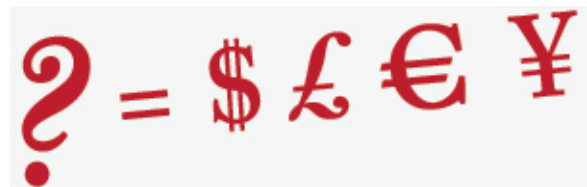

4) Turn Off Ads

Don't like the ads? Now you can turn them off.

Click on 'my profile', choose 'Yes' where it says 'Turn Off Ads'. Then click 'update profile'.

5) Careers for Question Writers

Develop questions and cases for us and get paid! Please click [HERE](#) for details.

6) New One Week Extensions

Already have a subscription and your exam is less than one week away?

Need a few days extension?

Email us: subscribe@canadaqbank.com

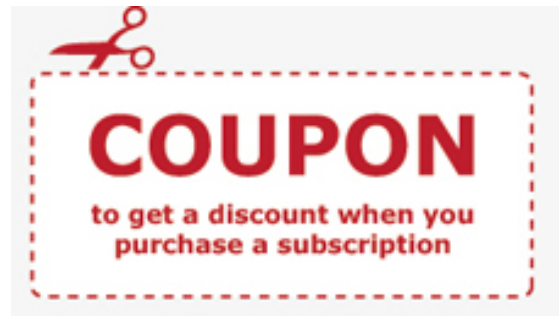

7) Edited and Expanded QBanks

Our team of proof-readers have been reviewing the questions and cases extensively.

Existing questions and cases have been reviewed and edited (as necessary) and new questions and cases are added on a regular basis. For example, we have added 77 new Testlet and CDM cases since May of 2010.

8) Coupons for Potential and Existing Subscribers

Sign up first and then Email us for a coupon which you can use to get a discount when you purchase a subscription!

9) Newsletters

Two great New Issues completed, filled with important information! More newsletters to come every two months.

Subscribe to our newsletters by simply sending an email to: subscribe@canadaqbank.com

With the word **Subscribe** as the subject. Note: the word **Subscribe** is case sensitive with a capital 'S'.

10) Screen Shots, Demo QBanks and Video Tour.

Demo

Video Tour

Screenshots allow you to see images of our user interface. We also provide free Demo QBanks and a Video Tour of our website.

CanadaQBank
QBANK for the MCCQE Part 1 (cases)

Case: 14 of 15

Question 1 (?) Question 2 (?)

Case 14
Mr. R. is an elderly man who was brought to the hospital by the police after a neighbour complained of a foul smell emanating from his apartment. He had been living in the modest apartment for forty years with his mother until last week when she was hospitalized and died. The patient said his father died when he was a child and he has no siblings. He denied previous psychiatric and medical histories.

The police found the apartment in total disarray, with garbage, rotting food and feces strewn about.

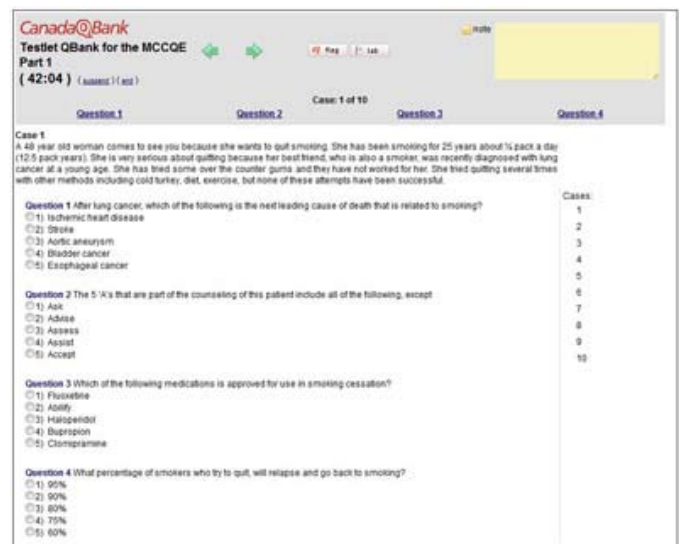

The patient was a dirty, foul smelling, but well nourished man appearing in his mid 60's. He was in no distress and said he felt fine and wanted to return home. He was not suicidal or homicidal. He was cooperative with the interview but developed little rapport, appearing disconnected and vacant. His affect was shallow. His thinking was disorganized and he was preoccupied with his mother, wondering if she was really dead. He denied delusions and hallucinations.

The patient was disoriented to time (did not know the month or year) and to place. He could not recall three words after five minutes and was able to repeat four digits forwards and two backwards. He knew his date of birth but not his age.

Question 1 You have decided that this is not a case of toxicity or intoxication. So what is your differential diagnosis? Select up to 4

Select up to 4 answer choices

- 1) Amnesia
- 2) Delirium
- 3) Dementia
- 4) Depression
- 5) Encephalitis
- 6) Mental retardation
- 7) Neuroleptic Malignant Syndrome
- 8) Panic Disorders
- 9) Personality Disorders
- 10) Toxicity, Acetaminophen
- 11) Toxicity, Hallucinogen
- 12) Toxicity, Neuroleptic Agents
- 13) Toxicity, Phenytoin
- 14) Toxicity, Sympathomimetic
- 15) Schizophrenia

CanadaQBank
Testlet QBANK for the MCCQE Part 1 (42:04) (cases) (test)

Case: 1 of 10

Question 1 Question 2 Question 3 Question 4

Case 1
A 48 year old woman comes to see you because she wants to quit smoking. She has been smoking for 25 years about 1/2 pack a day (12.5 pack years). She is very serious about quitting because her best friend, who is also a smoker, was recently diagnosed with lung cancer at a young age. She has tried some over the counter gums, and they have not worked for her. She tried quitting several times with other methods including cold turkey, diet, exercise, but none of these attempts have been successful.

Question 1 After lung cancer, which of the following is the next leading cause of death that is related to smoking?

- 1) Ischemic heart disease
- 2) Stroke
- 3) Aortic aneurysm
- 4) Bladder cancer
- 5) Esophageal cancer

Question 2 The 5 'A's' that are part of the counseling of this patient include all of the following, except

- 1) Ask
- 2) Advise
- 3) Assess
- 4) Assist
- 5) Accept

Question 3 Which of the following medications is approved for use in smoking cessation?

- 1) Fluoxetine
- 2) Amitriptyline
- 3) Haropendol
- 4) Bupropion
- 5) Clonidine

Question 4 What percentage of smokers who try to quit, will relapse and go back to smoking?

- 1) 95%
- 2) 90%
- 3) 80%
- 4) 75%
- 5) 60%

Cases: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10

Thousands of medical students and physicians worldwide use CanadaQBank to help them prepare for the MCCQE, the MCCQE Part 1 and the MCCQE Part 2.

Please sign up and be on your way to passing these exams with the highest scores possible!

Send Us Your Testimonials!

If you have already subscribed to a QBank of ours and used our services then we would love to hear from you.

Please take a few minutes and email us a testimonial with the following information:

- 1) **Credential:** MD/DO/MBBS etc
- 2) **City and Country you are in:**
- 3) **Level of training:** For example - medical student, in residency, 4 years job experience, etc
- 4) **Your specialty:** Family Medicine, Surgery, Anesthesiology etc
- 5) **Which QBank did you use:**
MCCEE/MCCQE Part 1/MCCQE Part 2
- 6) **For how many months:**
- 7) **Your Result and Score:**
For example - Passed, 350
- 8) **First name and last initial:**
For example - Michael P.
- 9) **Your Testimonial:**

Example of a Testimonial:

- 1) **Credential:** MD
- 2) **City and Country you are in:** Toronto, Canada
- 3) **Level of training:** Medical Student, Final Year (doing rotations)
- 4) **Your specialty:** N/A
- 5) **Which QBank did you use:** MCCEE
- 6) **For how many months:** 3 months
- 7) **Your Result and Score:** Passed, 325
- 8) **First name and last initial:** Nancy W.
- 9) **Your Testimonial:** "Here you may write anything you wish about your experience with our QBank(s) and your actual exam(s)"

Please send your testimonial with the above information to us at: subscribe@canadaqbank.com

*** For your generosity we will give you a free 2 month subscription to any of our QBanks! We also have coupons we can provide to you and your family/colleagues who are interested in subscribing to our QBanks.**

Thank you!

CanadaQBank Team

A Frequently Asked Question (FAQ)

Question:

I am an International (Foreign) Medical Graduate (IMG), and I have immigrated to Canada. I do not have any Canadian post-graduate (residency) training. Can I work as a physician in Canada?

Answer:

We at CanadaQBank have received these types of inquiries from numerous physicians over the past year. So we did the research and found the following current information.

Certain provinces in Canada do allow IMG's to work if you have done post-graduate (residency) training in another country.

Newfoundland

Applicants applying for a license for entry to general practice who are assessed as ineligible may be eligible to enter the Clinical Skills Assessment and Training Program (CSAT) which has been developed by the Faculty of Medicine at Memorial University of Newfoundland. Satisfactory completion of the CSAT will fulfill the clinical training requirements and enable you to continue the application process for a provisional license.

For more information: <http://www.cpsnl.ca>

Nova Scotia

The Clinician Assessment for Practice Program is a program of the College of Physicians and Surgeons of Nova Scotia. It is intended for International Medical Graduate (IMG) physicians who believe they are practice ready for entry into family practice without any additional formal residency training in Canada.

For more information: <http://www.caprogram.ca/>

New Brunswick

A restricted license is available, in very limited circumstances, for certain foreign-trained physicians for direct employment by a hospital or institution.

For more information: <http://www.cpsnb.org/english/LicensureinNewBrunswick.htm>

Manitoba

MLPIMG: The Medical Licensure Program for International Medical Graduates (MLPIMG) is a one year training program that will assist foreign trained physicians to obtain medical licensure to practice as primary care physicians in Manitoba.

IMG-ACL: The International Medical Graduate Assessment for Conditional Licensure (IMGACL) is a three month assessment process that will assess practice-ready IMG Physician's previous training in order to obtain medical licensure to practice as primary care physicians in Manitoba.

For more information: <http://umanitoba.ca/faculties/medicine/education/imgp/index.html>

Alberta

The AIMG Program provides a route to registration for IMGs who are Canadian Citizens residing in Alberta and are not able to obtain registration through other routes.

For more information: <http://www.aimg.ca>

Also read about the:

Alberta Health Services Physician Preceptorship Program for International Medical Graduates

<http://www.capitalhealth.ca/international>

British Columbia

The IMG-BC Program expects candidates to have passed standard Canadian medical entry level examinations such as the MCCEE and MCCQE Part 1, as well as being able to communicate effectively in English. Further evaluation will include a 16 station OSCE, followed by an optional 1-week orientation and a 12-week clinical assessment offered to the top 35 candidates.

There are 18 IMG first iteration residency positions 12 in Family Medicine and 6 in Specialties. The positions will be posted on the CaRMS website and will be announced on a yearly basis.

For more information:

<http://www.imgbc.med.ubc.ca/Home.htm>

Other provinces or territories in Canada may have similar programs or pathways, so you are encouraged to contact the College of Physicians and Surgeons of the province or territory you are interested in. All the contact info is here: <http://www.fmrac.ca/>

Please keep in mind that "CaRMS" is the main pathway to obtain a post-graduate (residency) training position in Canada.

For more information about CaRMS:

<http://www.carms.ca/>

But, as we have listed above, there are other paths IMGs can take in order to obtain a license to practice medicine in Canada.

Appendix

Steps to becoming a licensed practicing physician in Canada:

Step 1: Take the exams

Medical Licensing Exams of Canada

Prepare for the exams --> Canada QBank:
<http://www.canadaqbank.com/>

Take the exams --> Medical Council of Canada:
<http://www.mcc.ca/>

Step 2: Learn as much as you can about how to be a physician in Canada
